

THE DAILY HERALD.

TUESDAY, JUNE 3, 1902.

The Steamer Manteo was expected to sail from Galveston this afternoon for Point Isabel.

The usual melon crop has been almost a failure this year, a few being on sale in town. Watermelons are also scarce.

PURELY PERSONAL

Miss Louisa Champion is in town from La Gloria ranch, visiting relatives.

J. B. McAllen of Brownsville was a visitor in Corpus Christi last week, so the Caller states.

Joe. McAllen, W. E. Smith and E. V. Ruthven were passengers from Hidalgo this afternoon.

Mrs. F. M. Prior and youngest child returned by last night's stage from a month's visit to relatives at Stockdale, Texas.

Messrs. Hirschberg and Murray, government inspectors of boilers and hulls, are expected to arrive on the steamer tomorrow.

A Former Brownsville Girl.

Mrs. J. J. Cooke, has received the very gratifying intelligence that her daughter, Miss Anita, who has been attending Hollins' Institute, Virginia, will be home in a few days. Miss Anita has received marked distinctions in the branches she has finished at this far-famed old school, and all of her many Cuero friends will be proud of her career within its classic walls.—Cuero Star.

Miss Anita was formerly a Brownsville girl, and her friends here are also much pleased at her success.

Hanged Today.

Today in Corpus Christi, unless some unforeseen event intervened, Andres Olivares, the self confessed murderer of Mrs. Inez Hatch, paid the penalty of his crime on the gallows. The prompt capture, conviction and punishment by due process of law of this wretch speak well for the people and also for the executors of the law in Corpus Christi. If there were more examples of this speedy, yet dignified and wholly legal punishment of crime in the state, there would be fewer instances of mob law.

The Ralston Call.

TO THE HERALD.

"The fourth of every month is named as Ralston Day, and on this day all persons are requested to eat only the purest food, drink only pure water, and, if the day is pleasant, to spend not less than two hours in the pure air. By so doing, it is hoped that the better health which follows may lead to a higher plane of happiness in life."

The advantages of "Ralston Day," the fourth day of every month, are many and important; and, considering the fact that there are but twelve Ralston's days in a long year, it ought not to burden any one to celebrate these events, and make them stepping-stones to health, happiness, and home triumphs.

Every Ralstonite is free to celebrate Ralston Day, the fourth day of each month, as circumstances and inclination may direct.

Ralston day in the summer, or any part of the year when the weather is suitable, may be spent out of doors part of the time, in walking, riding, picnicking, or in some form of excursion; the purpose being to get pure, fresh air and the delights of open life. From an enthusiastic RALSTONITE.

"I beg leave to add my testimony to the wonderful good Paine's Celery Compound has done me. Some months ago I was troubled with a general breaking down of the system. I consulted a physician without avail, and upon the suggestion of Mr. John A. Cohn, who I believe is a living example of your wonderful curing medicine, I purchased two bottles of your Compound, and I must say that I improved wonderfully since the first dose.
